From One Leader to a Whole Team — Transformation Multiplies

On September 13th, StrateScope trained the ITA Travel Hub team—one of Rwanda's leading travel agencies offering ticketing, tours, and corporate travel solutions—as part of our Alumni Support Program.

It all began when MD Nadia Keza attended our February TL Seminar and 8-week TLOD program. Inspired by the impact, she brought her husband, colleagues, and the entire 11-member team on board—a clear sign that one leader's growth can lift a whole organization.

TL in Action — Rosie Kayitesi, MD, Kashlash Rwanda

After attending the Transformational Leadership (TL) Seminars in October 2024 and February 2025, Rosie Kayitesi, Managing Director of Kashlash Rwanda—a proudly Made in Rwanda company that manufactures and supplies high-quality cleaning products for households, institutions, and industries—fully embraced TL On-Demand tools.

The results speak for themselves: stronger ownership, higher productivity, and better communication across the team. Rosie has since invited her staff to undergo the same training—an inspiring example of transformation in action.

KEY HIGHLIGHT

September 2025 — A Month of Giving Back

September was dedicated to supporting our Transformational Leadership (TL) Alumni. In just one year, StrateScope has trained 200+ leaders across diverse sectors in Rwanda.

Through our free Alumni Support Program, we helped reinforce TL tools in everyday leadership practice — reaching 3 teams and 8 individual leaders, and equipping a total of 43 leaders through focused training and coaching.

Ripples of Influence in Action!

In September, StrateScope trained the senior team of Bahage Foods Ltd, a fast-growing Rwandan company specializing in the processing and distribution of quality food products. Led by MD Rugema Angel, who first experienced Transformational Leadership (TL) in the May 2025 PSF Cluster training, she chose to extend the program to her team—an inspiring example of leadership that multiplies influence into impact.

A fulfilling close to our September 2025 Alumni Support Program, seeing leaders invest in their people and teams rise stronger together.
